

ティモシー・タウト (TOUT Timothy)

HummingByrd Inc. 代表取締役

MBA in International Business & Human Resources,  
University of Queensland

---

From Australia, I have grown up with a love for people, business and fun. From my country roots in Queensland, at a young age I developed a passion for building businesses and I am one of the founders of HummingByrd Inc.

My background covers doing business in Australia, Europe, Asia and North America. I am a member of the Australian Institute of Company Directors, the Australian New Zealand Chamber of Commerce Japan, with an MBA from the University of Queensland as well as other professional certifications.

I have been in leadership roles throughout my life and it is this passion to lead and my love for business, my entrepreneurial spirit that drives me to Explore Infinity. This passion for leadership and entrepreneurial spirit also drives me in helping others to also develop and challenge themselves. It also allows me to share real world experiences and partner closely clients understanding their needs. This support takes a variety of forms from Consulting, Coaching and Facilitation to Leadership and Strategy Workshops.

From the challenges of starting a business from scratch to building high performing teams and strategically positioning the business I believe that a business developed around its people will always be successful. By people that means those in the company, those related to the company – our families and those who interact with the company in many different ways.
